1) O Allah Wherever I Go (*Ya Ilahi Har Jaga*)

یا الہی ہر جگہ تیری عطا کا ساتھ ہو
جب پڑے مشکل نہ مشکل کشا کا ساتھ ہو

O Allah, wherever I go, let Your Mercy be with me

O Allah, if I should stumble, let the Prophet rescue me

یا الہی بھول جاؤں نزع کے تکلیف کو
شادی دیدار حسن مصطفیٰ کا ساتھ ہو

O Allah, when I am in the throes of death, let me be freed
By the joy of witnessing the Prophet's splendour and beauty

یا الہی جو دعائے نیک میں تجھ سے کروں
قدسیوں کے لب سے آمین ربنا کا ساتھ ہو

O Allah, whenever I raise both my hands and pray to you

Let the angels' sacred امین join me in my prayer to you

یا الہی جب رضا خواب گراں سے سر اٹھائے
دولت بیدار عشق مصطفیٰ کا ساتھ ہو

O Allah, when I am waking from the deepest sleep of all

Let the treasure of the Prophet's love be stirring in my soul

2) Qaseeda Burda

O Allah send peace and blessings upon your beloved

The best and perfect creation that you have created

Look at the heavens and the earth, the shining sun and the moon

When Allah made all of them He made them all just for you

There is no one like you, there is no one whose the same

So merciful is your nature and so high is your name

All the prophets and messengers are in need of you

They all take sips from your ocean and desire to serve you

The Lord has sworn by the beauty of the curls in your hair
And by the place of your birth and by the cloak that you wear

The Lord has sworn by the beauty of the noor of your face
O beautiful Mustafa, bless your servant with one gaze

So beautiful were your moments with Siddeeq in the cave
He stood by you all his life and sleeps by you in the grave

Look at Abu Bakr, Umar, Usman and Maula Ali
We love them for they have spent their lives in your company

And may Allah be pleased with Abu Bakr and Umar
And Ali and Usman, the people of nobility

O noblest of creation, I have no one but you
To take refuge in from calamity and this trouble

Ya Mustafa have mercy for the sake of your family
The two princes of Jannah and Fatimah and Ali

Muhammad is the king of both worlds and jinn and mankind
The best of all creation in Arab and Ajami

He is the Beloved, his intercession we hope for
From all terrors and troubles that fall upon the people

O Lord! For the sake of the chosen one, grant our goals
Forgive us for what has passed, o Most Magnificent One

3) Qaseeda Muhammadiya

Muhammad is the king of both worlds and jinn and mankind
The best of all creation in Arab and Ajami

Muhammadun most noble of Arab and Ajami
Muhammadun best of all who walk upon two feet

Muhammadun his arrival delighted the whole world
Muhammadun came with truthful signs and brought wise words

Muhammadun all embracing giver of all good things
Muhammadun master of goodwill and free giving

Muhammadun crown of all the messengers of Allah
Muhammadun most true in his words and speech by far

Muhammadun the remembrance that refreshed our soul
Muhammadun he to whom gratitude we all owe

(4) صلی علی نبینا، صلی علی محمد

Even though Taiba is far away, we will go and visit one day
Our master will call us there one day, if not today then maybe someday

Shower upon me blessings like rain, I want to die in your domain
O Mustafa accept this dua, for the sake of Raza and Ziya

Allah Almighty all praise to You, We have been chosen amongst those who
Are the followers of Rasool, and the slaves of Fatimah Batool

Almighty Allah all praise to You, We have been chosen by You

To send Salaam upon Your Rasool, always during night and day

Have no fear oh Raza, you are the slave of Mustafa
This will be enough for you, safely is shall see you through

5) Flower in the Garden of Sayyidah Amina (Amina Bibi Ke Gulshan Mein)

A flower has blossomed in the garden of Sayyidah Amina

صلی اللہ علیہ وسلم

All praise the Last Messenger, the Madani

Allah Allah Allahu, لا اله الا هو

In the east and west where dark clouds of disbelief were seen
Brightness spread and evil was conquered, all thanks to your Noor Madani

Allah Allah Allahu, لا اله الا هو

From start to end you are aware of everything far and close
The one giving the news of the unseen, Allah's final Rasool Madani

Allah Allah Allahu, لا اله الا هو

The beautiful smiling face of yours, flowers fall from your lips
Moon-like face, light from head-to-toe, you have brought the truth Madani

Allah Allah Allahu, لا اله الا هو

Remover of troubles and the guardian of the Ummah is he

Protector, supporter, mediator, helper and mercy Madani

لا اله الا هو, Allah Allah Allahu,

The twelfth of Rabi ul Awwal gave to us the treasured one
The most beautiful character was his, brighter than the sun he shone

لا اله الا هو, Allah Allah Allahu,

He is Hamid, Muhammad, Mehmood, Master of both worlds
Dearer to us than anything else, Mercy to the worlds Madani

6) How your intercession inspires us all to hope for more (*Kya Hi Zoq Afza Shafa'at*)

How your intercession inspires us all to hope for more
Even piety would like, to loan a sin and see how
How your intercession inspires us all to hope for more

Tears are flowing all night long so we may all be forgiven,
What a sight your moon-like face glittering with stars bright

Thirsty devotees rush forward for the bounty of your hands
Five rivers of mercy, flow from your fingers wow wow

Even both the sun and moon are seeking from the radiance
From the rising dust of your blessed trail wow wow

“Has the morning breeze today come from Madinah?” says the rose
For the fragrance in the flowers is amazing wow wow

From the brilliance of the chamber to the pulpits excellence

Is a garden sent from heaven in all it's glory wow wow

Oh the nobleness you have my master oh the dignity
In the next world and this everyone calls out wow wow

A part of your heart was not given as a gift oh Raza
Your life is more beloved to you, than the dogs of Taiba

7) Madina is coming closer *(Madina Aane Waala Hai)*

Wait patiently oh restless soul, Madina is coming closer
Do not rush to leave me yet, Madina is coming closer

The destination of my joys, Madina is coming closer
Out of respect my head is bowed, Madina is coming closer

Rain of mercy is falling upon the visitor of Taiba
There is blessings in every step, Madina is coming closer

Take your foot out of your shoe, you have reached near to Taiba,
Oh Visitor! Have some sense now, Madina is coming closer

I hope to be accepted and for this wish to be fulfilled
That I get buried in Baqi, Madina is coming closer

Remove the worldly thoughts from my heart oh my Prophet
May I only think of you, Madina is coming closer

Look Oh Attar around you now, Madina is coming closer
Everything is covered in light Madina is coming closer

8) Call Us To Taiba Ya Rasool Allah (*Hum ko Bulana Ya Rasool Allah*)

The day will come when we will see the lovely streets of Taiba

Our lovely Prophet will call us to lovely Taiba

My days and nights are passing in this hope that one day

I will see with my eyes sweet and lovely Taiba

When I see somebody going to holy Taiba

I can't control my feelings, my tears ya Taiba

Nobody returns until they are blessed by the Holy Prophet

Blessings are distributed in lovely Taiba

9) Habeebi Ya Rasool Allah

Everytime I am troubled by a storm of burden in my life

Your name alleviates my pain Habeebi Ya Rasool Allah

Your the reason for everything existing and I supplicate

I live to serve your family Habeebi Ya Rasool Allah

On Judgement Day when all will fear to stand and speak before their Lord

Upon that day we'll rise and say Habeebi Ya Rasool Allah

Allah has blessed us by making us your sincere followers

Bless us all with your vision Habeebi Ya Rasool Allah

You are more dear to us than our own family

Keep us steadfast upon this Habeebi Ya Rasool Allah

You have faced so many troubles to spread the message of Islam
 Help us all to serve the Deen, Habeebi Ya Rasool Allah

We are your sincere servants, call us all to Taiba
 And grant us burial at your feet, Habeebi Ya Rasool Allah

10) My Master, or my King, or my Chief?
(Sarwar Kahoon Ke Maalik o Maula Kahun Tujhe)

Should I proclaim you as my Master, or my king, or chief?

O rose of beauty, from the garden of Allah's Khalil?

My crimes are great, O king, and salvation I do seek

So intercessor of the last day, I am at your feet

Your virtues are free from the fault of being countable

I am in awe of praising you, I am incapable

The silence of your devotee will sing the praise for you

When he is silent saying, Master I'm in awe of you

The chapter is brought to an end on this note by Raza

The Creator's servant, master of creation you are

11) Best of All Creation is our Nabi
(Sab Se Aula o Ala Hamara Nabi)

Best and highest of all creation is our Nabi

Simply better than any other is our Nabi

Most beloved of his Creator is our Nabi

The jewel of creation in both worlds is our Nabi

Other torches extinguished in the light so behold

Now the one torchbearer of guidance is our Nabi

First the people and then the pious, then the messengers

And the highest of all messengers is our Nabi

Just a few drops make up the Rivers of Paradise

This ocean of never-ending mercy is our Nabi

Just like the Lord of all creation is Allah; the One

The Prophet is theirs, and theirs and yours and he's our Nabi

Give the glad-tidings, O Raza, to those most in need

That the someone for those with no one is our Nabi

12) By God Look Over Me (*Ae Shaafi'ee Umam*)

O saviour of the world and high king, look over me
By God Look over me, by God look over me

The water is rising and no boat or ship or help
I'm sinking where are you my master, look over me

Those who reached the end of the journey are there my lord
Some on the way, exhausted like me, look over me

I'm all alone in the jungle of beasts and night is close
My enemies surround all four sides, look over me

The hardship of the questions and frightening faces too
O you who knows the state of the fearful, look over me

The sinful one has been dragged to the court of justice
Helpless, he looks for you here and there, look over me

Yes it's true, I'm useless and hopelessly no good
But I'm the slave of your court, my master look over me

13) Qamaroon

Like the moon, like the moon, like the moon, our Prophet is, like the moon
Beautiful, beautiful, beautiful, our Prophet is, beautiful

The Chosen One's saliva is a healer
Qatadah's eye is proof for the believer
A drop in the well makes all the water sweeter
Full of cure for the injured and troubled

The palm of Mustafa is like a fragrant rose
The fragrance lingers long after he passes
His favour has surrounded all humanity
Beloved of Allah, best of creation

More beautiful than you my eyes have never seen
No other woman has given birth to such perfection
You were created pure from any defect
As if you were created as you wished

There's no shadow from him for he is the light
The sun and moon take noor from him to be bright
Without his presence there is no guidance
The noor of the prophet has brightened the world

13) The True Word (*Sachi Baat Sikaatey Ye Hain*)

The true word of Allah Almighty you teach us
Keeping us on the straight path of rightness

Allah has blessed you with the pond of Kawther
You hold goodness of this world and the next

Allah gives and you hand out
Sustenance is His and you share out

You grant ease at the time of death
Remind of the Kalimah in the last breath

You comfort your nation in the grave and
Your people sleep peacefully till the last day

When fathers will run from their own sons
You show kindness to these needy ones

When mothers will leave their only child
You call out to them come here, come here

Cooler than coolness, sweeter than sweetness
We taste the water, you pour it for us

With the help of your words "be safe"
You help us cross the bridge and be safe

Say to Raza be happy always
Send glad tidings of happiness our way

14) The Light of the Universe

The light of the universe, the moon, sun and stars
If all come together they can't reach what you are

You beauty is so flawless and greater by far
So blessed is your nature, beloved of Allah

The sky meets the earth as it bows down to you
Everything shows honour and respect is due

The wave of the sea express their gratitude
They form curls as though bowing in reverence to you

The world and all it contains is limited
Your knowledge is vast and your great mercy from the Creator

This is an evidence of your knowledge of the unseen
A character so perfect granted by Raheem

My heart is in darkness in search of only you
Enlighten and cure my heart with your blessed noor

15) From the Morning Light of Tayba (*Subho Taiba Mein Hui*)

From the morning light of Tayba emanates Divine light
Even star-lit skies descend for blessings and to become bright

Blooming in the field of Tayba, beautiful flower of light
Nightingales are lost in the sent, singing a melody of light

I'm a beggar, you are the king, fill my empty bowl with light
You light up the whole world, please bless me with the gift of light

Wearers of crowns see on your head the grand turban of light
In awe they bow their heads and say Allah! How great is this light

In your pure family line, all are holders of the light
You are the essence of light your whole household is also light

By the king of light you were gifted a two layers of light
Congratulations to you Zun Noorayn, for your pair of light

Wherever you pointed in your crib, bowed the moon as a night light
How it moved upon your gesture, a special toy made of light

O Raza it's from the blessings of your Shaykh that you see light
How your poem was honoured to be the "Poem of Light"

16) In Your Devotion Here I Drown

In your devotion here I drown, my destination is your abode
A sinful servant here I stand, your intercession is my hope

The sky cannot compare to your radiance, Your light surpasses this universe
Far beyond the seven skies, For meeting His was your invite

That night your bed stayed warm, as you set for the journey of the light
You had set to meet the Lord, an assembly of miracles

Nothing can be hidden from you, those who refused you even knew
Your being Bashir and Noor, and you split the moon in two

How I long to be in that land, where gold and diamonds do not stand
In value to its sand, Aqa extend your hand

This distance is unbearable, your city is so beautiful
My I be called one day, upon your name is utmost praise

17) Miracle of Meraj

When the year of sorrow came to be,
 You were tried with the loss of your family,
 And the dearest of them all, was she,
 Who served you in the time of grief

Then to lift your heart, there came a call,
 From the Greatest, Highest and Purest of all,
 Sending seventy thousand angels in all,
 As you rested in the night fall
 For the journey you were washed and dressed,
 Like the jewel of Heaven, in your best,
 As Allah Almighty's noble guest,
 Being chosen from the best of the best
 Your heart was washed and filled with light,
 To withhold the splendour and delight,
 Sitting on the Buraq, you then took flight,
 Going faster than the speed of light
 What a wonder that prayer must have been,
 The like of which has never been seen,
 Led by the Imam of Messengers
 Followed by the ones that preceded
 Then the heavens' stairs you did ascend,
 Passing through each heaven till the end
 Your companions stopped and on you went
 To the One from Who you were sent
 Who can say where that was or how so,
 For there no other can ever go
 Where time and space exist no more
 Only you and Allah truly know

18) Height of Perfection

Wo kamaal e husn e Huzoor hai

بلغ العلیٰ بکماله

The height of perfection is reached by he
Darkness left through his beauty
His entire character is praiseworthy
So praise him and all his family

His beauty is so perfect
The thought of a fault is not there
This rose does not have a thorn
And this flame is free from smoke

He left space and time behind
He sat on the throne, he is one of a kind
The Prophet is he who has this space
It is Allah who is free from time and space

You walk above the mighty throne
And the heart of the earth is in your gaze
There is nothing in the skies and earth
Hidden from you, all is apparent to you

May my life be sacrificed on your name
Not just one life, but both the worlds
Even two worlds is not enough
What to do, there aren't a million worlds

They stand silenced in front of you
Great Arab speakers old and new
It is not that they have no tongue
But they have no soul in their bodies

By Allah this is where we are heard
 There is no other place of comfort
 The decree from there is given here
 If it wasn't there then it isn't here

You wish Raza praises the people of the world
 May my troubles fall into this trouble
 I am the beggar of my kind Master
 My deen is not a piece of bread

19) Manqabat of Ghous e Aazam
(Imdaad Kun)

Imdaad kun imdad kun az band e gham azaad kun

For the sake of madani zia Ghous e Aazam

On the day of judgement call me towards you
For the sake of Murshidi Attar Ghous e Aazam

How great is this honour! Mubeen is your servant
A servant of your silsila Ghous e Aazam

20) Prince of Baghdad

Prince of Baghdad so sublime, to you court do hearts incline
Hassani Hussain pride, more beloved than my life

Twenty five years all alone, in the jungles of Iraq
Striving was your only goal, for Allah and for reward
Satan tried to pull you down, resistance is all he found
Never did you once fall short, won all battles that you fought

You were born in Ramadan, such a great gift was your birth
When you went to learn Quran, you recited eighteen parts
So amazed was your Ustaz, when he asked how you learn
All eighteen parts he was told, blessings of my pure mother

How lucky were those who saw, Ghous ul Azam on his throne
Such mighty strength and power, miracles were seen by all
Raised the dead and cured the ill, helped the ones who fell and tripped
Jinss repented on your hands, and complied with your commands

Your disciple is at ease, in his heart is firm belief
 That you'll save him from all grief and make him Jannati
 He will die upon toubah, your support will take him so far
 On the last day he will shout, "I am Qadiri' so loud

When it comes to auliya, truly your the king of all
 Saints await your blessed call, to visit your lofty court
 Please have mercy on Kaleem, grant him help, fulfil his need
 Hoping that you'll very soon, bless him with wilaaya too

Ya Rehman! We seek forgiveness, Ya Raheem! We beg for mercy
Save us from Your Wrath and Anger, Let us through the gates of Jannah

When I close my eyes eternally, May you vision be my company
Even though I'm far from worthy, But I'm blessed to be your Ummati

You are the essence of our lives, he who journeyed through the seven skies
The master, the king of paradise, he whose honour we shall publicise

You are the best of creation, with the highest of reputation
We send you our salutations, صلى الله عليك وسلم

23) Visitors of Madina (*Madiney k Zaair*)

Visitors of Madina, present our salaam to them
Your slaves wish to visit you, give this message to them

The moment when the green dome is in front of you
Lowering your eyes with respect and virtue
Spread your hands, your slave is present, say to them

I have reached this door after hoping and wishing
I don't want to leave your court of mercy
I won't leave thirsty or fruitless, say to them

Door to door how long will i go without a place
To stay, who will i go to share my feelings with
You are the one who fulfils our needs say to them

If only the days of my life would pass with this hope and wish
That I also reach the door of my beloved
But i don't have any provisions, say to them

According to Islam, may my every step be
May I call out your name with every time i breathe
If only my life ends in this way, say to them

Anas wishes to see those heart warming views
For which all believers are longing and hoping
All these things with utmost respect, say to them
